## **Past customer**

Thank you for agreeing to share your story with us. Our case studies are at the heart of our brand and communications. Case studies allow us to show real-life examples of how we fulfil the needs of our students, members and businesses, and help them reach their goals.

### Where do we use our case studies?

By agreeing to become an AAT case study, you're also committing to assist us in our communications. We may also approach you with the opportunity to participate in a photo shoot. Please note that participation is voluntary. If you decide not to participate there will not be any negative consequences on your future dealings with AAT. If you decide to participate, you may stop participating at any time and you may decide not to answer any specific question.

**Before AAT can process your case study form, you'll need to consent to points 1-6 on the last page. Without full consent we will be unable to use your details.** Please make sure you're happy with these statements before continuing. Upon submitting this form to us, we'll keep your details for up to five years. For details about how AAT process your data, please refer to AAT's [Privacy policy](#).
