

To Whom It May Concern

15th March 2017

Birkett & Co. was originally established in 1979 and has changed in that time from a sole-trader, to a partnership and, finally, to a limited company in 1998. The Managing Director, Tim Birkett, was a founding member of the AAT in 1980.

We have successfully trained two individuals who became MAAT qualified. Since then, one has gained his CTA qualification and the other is studying for his ACCA qualification.

We have reviewed the following AAT qualifications and can confirm that they meet the needs of both students and employers:

AAT Access Award in Bookkeeping – Level 1
AAT Access Award in Accounting Software – Level 1
AAT Access Award in Business Skills – Level 1

These vocational qualifications at Level 1 will provide students with the best preparation for entry and progression in their chosen career. All three qualifications would give students an advantage when applying for jobs or opportunities in this sector.

The qualifications will also support those students who wish to progress to further study in accountancy, bookkeeping or business as they will equip students with the knowledge and skills that underpin higher levels of learning.

We are happy for our support of these qualifications to be published on AAT's website.

Yours faithfully,
Birkett & Co. Ltd

Tim Birkett –
Director
