

To Whom It May Concern

16/03/2017

We are a Haulage company called Jack Richards & Son Limited with a turnover of £40 million and have 10 depots across the UK with the Head Office being based in Fakenham, Norfolk. Our Distinctive Lucozade yellow liveried trucks do Full/Part load haulage services throughout the UK and a Pallet Network Delivery service. We have a variety of personnel from Lorry drivers, customer services administrators, traffic planners, accounts staff and so on.

I have reviewed the following AAT Qualifications and can confirm that I feel they meet the needs of both students and employers alike and demonstrate key learning factors that we would be looking for to enable us to take on a student to progress within our Finance Department:

AAT Access Award in Bookkeeping – Level 1

AAT Access Award in Accounting Software – Level 1

AAT Access Award in Business Skill – Level 1

These vocational qualifications at Level 1 will provide students with the best preparation for entry and progression into their chosen career and together with all 3 qualifications will give students an advantage when applying for roles or opportunities in this sector.

The qualifications will also support students who are looking to progress further into accountancy, bookkeeping or business and will equip them with the skills and necessary knowledge that will help them achieve higher levels of learning.

We are happy for our support of these qualifications to be published on AAT's Website.

Yours Faithfully

Louise Richardson – Financial Account and MAAT Qualified
