To whom it may concern

Our company is an Accountancy Practice, dealing with Micro companies and sole traders.

As an employer operating within the within the Business, Administration, Finance and Law sectors, we confirm our support for the AAT Advanced Diploma in Accounting – Level 3 Tech Level qualification.

The purpose of the AAT Advanced Diploma in Accounting is to provide students with the specialist knowledge and skills required for progressing either to employment in an accounting or finance role or to enable progression onto further study in accountancy and finance.. We have reviewed the qualification and can confirm that it meets the skills needs of the industry.

This qualification comprises six units of study: Advanced Bookkeeping, Final Accounts Preparation, Management Accounting: Costing, Indirect Tax, Ethics for Accountants and Spreadsheets for Accounting.

We value this qualification because it provides learners, including 16-19 year olds with the required knowledge, skills and competencies expected of new workforce entrants. This qualification would give students an advantage when applying for related jobs or apprenticeship opportunities in this sector or if wanting to progress to further education. The finance, accountancy, business and communications skills developed in the qualification can lead to employment as an:
